

Un futuro più pulito? E' nelle nostre mani A cleaner future? It's in our hands

Ergonomia rispetto per l'uomo **Ergonomics** respect for man

Lo studio ergonomico dei singoli prodotti garantisce il perfetto equilibrio del risultato finale nel rispetto dell'uomo. Ogni prodotto è progettato per supportare l'operatore in modo semplice ed intuitivo, professionale e modulare.

The ergonomic study of single products guarantees a perfect balance of the final result in the respect for man. Each products is designed to support an operator in a simple, intuitive, professional and modular way.

Ecologia rispetto per l'ambiente **Ecology** respect for environment

Il nostro approccio è trasparente: parte dalla produzione con materiali eco-friendly interamente riciclabili e considera valore fondamentale l'estensione della vita del prodotto come elemento base per ridurre l'impatto ambientale.

Our approach is transparent: it starts from production using fully recyclable, eco-friendly materials as we consider the extension of product's life as the fundamental element in order to reduce the environmental impact

Economia miglioramento del rapporto tempi/costi **Economy** improvement in time/cost ratio

Nella concezione dei nostri prodotti/sistemi dedichiamo particolare attenzione al miglioramento del rapporto tempi/costi, alla razionalità delle applicazioni ed al contenimento dell'uso di prodotti chimici.

The concept of our products/systems consists in devoting particular attention to the improvement of time/cost ratio, to the functionality of applications and to a limited use of chemicals.

Abbiamo un'idea del lavoro piuttosto chiara, e pulita. La nostra missione è definire sistemi di pulizia e produrre attrezzature **in grado di elevare gli standard qualitativi del lavoro e della vita** perchè un ambiente più pulito è un ambiente migliore.

Il nostro approccio è trasparente: parte dalla produzione **con materiali eco-friendly** interamente riciclabili, poiché **consideriamo valore fondamentale l'estensione della vita del prodotto come elemento base per diminuire l'impatto ambientale**, e continua percorrendo le vie della ricerca, dell'innovazione tecnologica, della qualità, della flessibilità, del servizio e **consulenza** tecnico commerciale.

Oggi TTS è una realtà affermata che soddisfa le esigenze di mercato dall'albergo al ristorante, dall'industria all'ospedale, dagli uffici alle scuole, agli aeroporti.

Chi sceglie TTS fa la scelta giusta per un futuro e un mondo più pulito.

*We have a pretty clear, clean idea of our work. Our mission is to define cleaning systems and to produce articles that **can raise work and life quality standards**, as a clean environment is a better one.*

*Our approach is transparent: it starts from production using fully recyclable, **eco-friendly materials** as we **consider the extension of product's life as the fundamental element in order to reduce the environmental impact**, and it continues going along the way of research, technological innovation, quality, flexibility, and technical-commercial support service.*

Today, TTS is a reality who can satisfy all market needs: from hotel to restaurant, offices to schools, airport.

Those choosing TTS do the right thing for a cleaner future.
